

This distinctive all-black 21 speed ATB is as spectacular as the remote Scottish promontory from which it takes its name. Hand-built from strong, lightweight Reynolds 531 all-terrain tubing, the Cape Wrath boasts an impressive array of the finest quality components including the latest Shimano index shifting gears, cantilever front brake, the extra power of a chain stay mounted rear 'U' brake, hard anodised Wolber rims and Shimano quick release hubs.

This bike's no ghostly apparition, it's an exciting all-terrain machine, available in a choice of three frame sizes. Expertly designed to be dependable on mountain tracks and comfortable on city streets, the Spectre is excellent value for money. Claud Butler quality is reflected in every aspect of this magnificent 21 speed cycle, from the extensive use of the latest Shimano components to its stunning cerise and white paintwork finish.

For a truly spirited performance, the Banshee is hard to catch. Light, but with the added strength of Reynolds 500 All Terrain main tubing and Unicrown fork, this bike handles perfectly both on and off the road. 18 speed Shimano SIS gears and cantilever brakes can be relied on to give superb control in a variety of riding conditions, helped by the grip of deep tread Skinwall tyres.

With its rugged good looks and shimmering green and white paintwork, the Pagan stands apart from any crowd. For the independent rider who prefers hand-built reality to mass-produced myth, this inexpensive all-terrain bike is ideal. The Pagan is strongly constructed from light-weight Reynolds 500 All Terrain main tubing and comes fully equipped. With Shimano 18 speed index system for precise gear selection, plus the stopping power of Shimano cantilever brakes, this ATB will convert any non-believer.
