Manitou SX TI

*The new standard
in suspension.*

*Exclusive
Titanium Springs
and 4 port speed
sensitive cartridge
delivers 70mm
of suspension
performance.*

*Bonded Arch
design makes it
the stiffest.*

Manitou FS TI

*The ultimate
match for full
suspension bikes.*

*Exclusive Bulge
leg technology
from Answer,
increases stiffness
without sacrificing
weight.*

Patent Pending

*76mm of
controlled travel.*

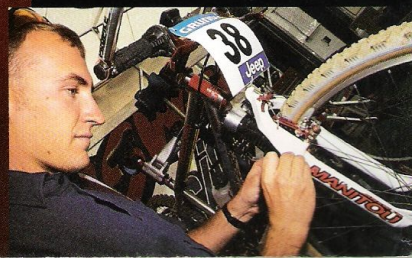

Manitou FS

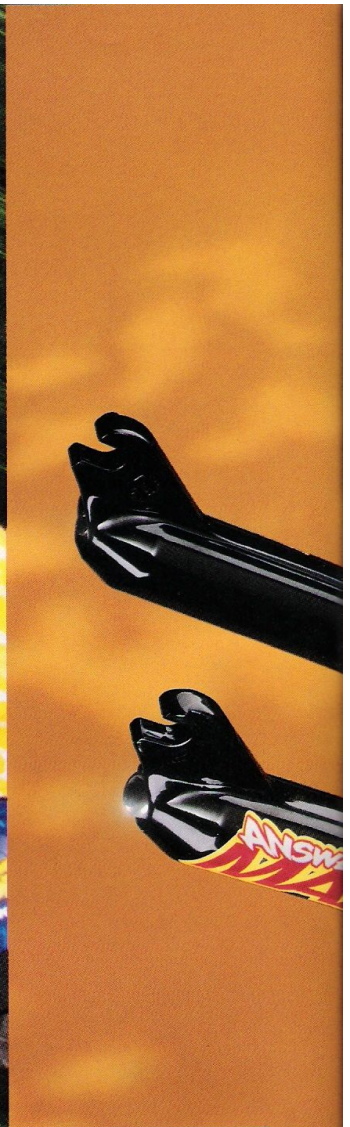

Bulge legs make it flex free. Combination MCU/Coil springs make the 76mm of plush and sweet travel.

Manitou SX

Combination MCU/Coil springs perfectly matched with new 2 way cartridge gives 70mm of plush travel.

New seal system keeps elements out and performance in.

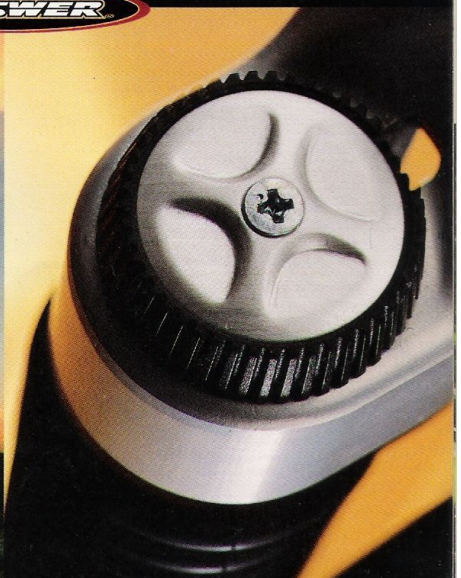

Manitou Pro

*63mm of travel with
MCU/Coil spring
combination delivers
Manitou quality
suspension at a price
that can't be argued
with.*

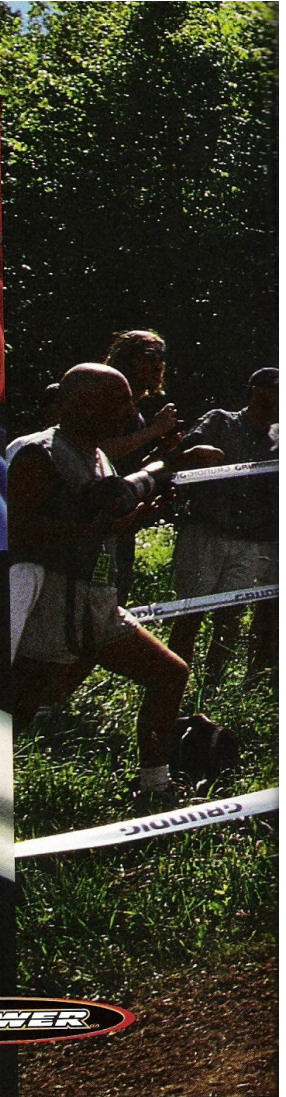

Manitou Pro-C

*70mm of cartridge
controlled travel.
MCU/Coil springs
combine for a
progressive spring rate.*

**Authentic Manitou
Replacement Parts:**

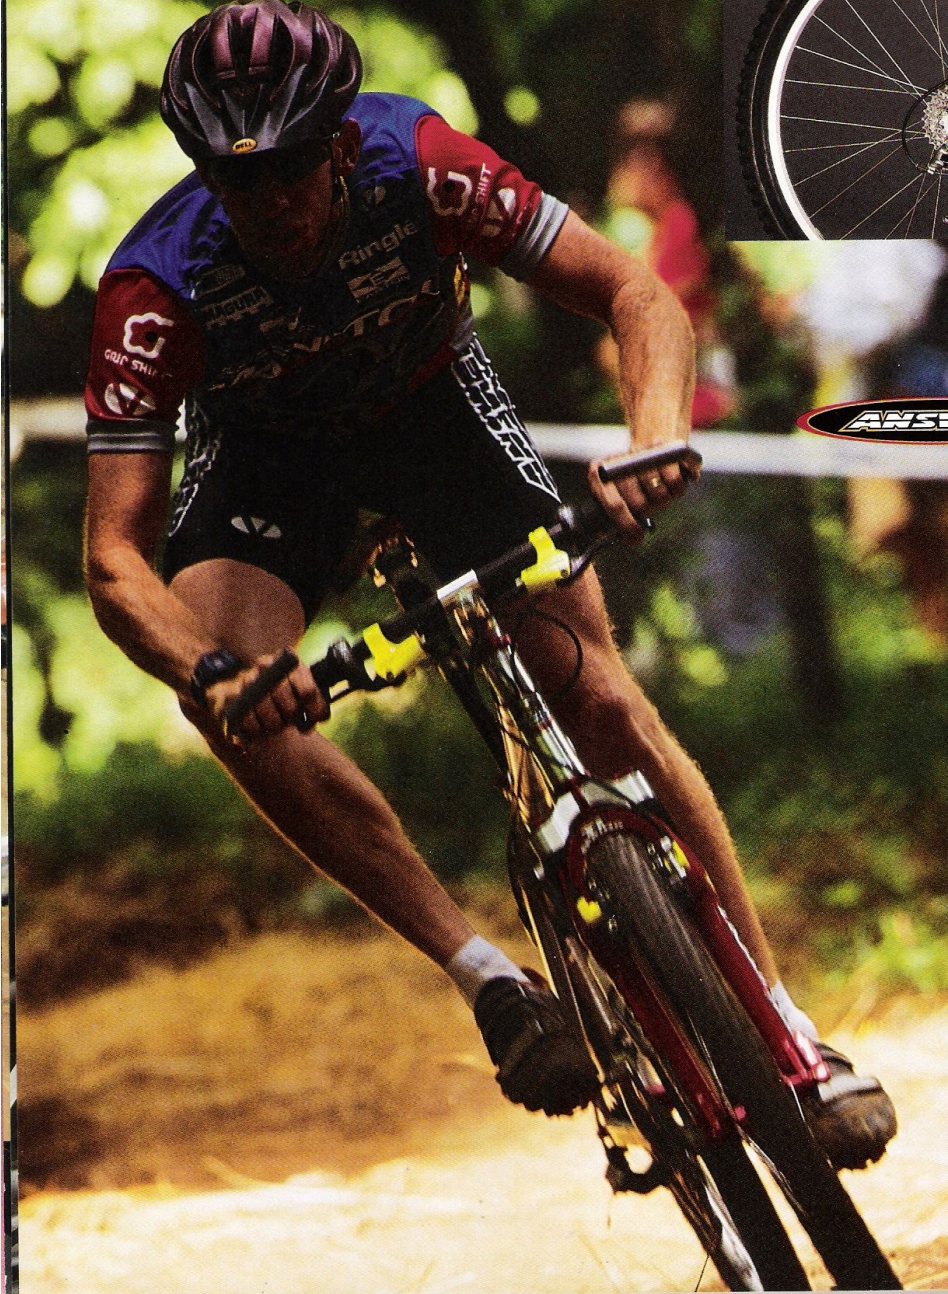

*All Manitou forks are
100% serviceable.
Replacement crowns,
springs, and spare
parts are available for
all forks.*

Manitou DH:

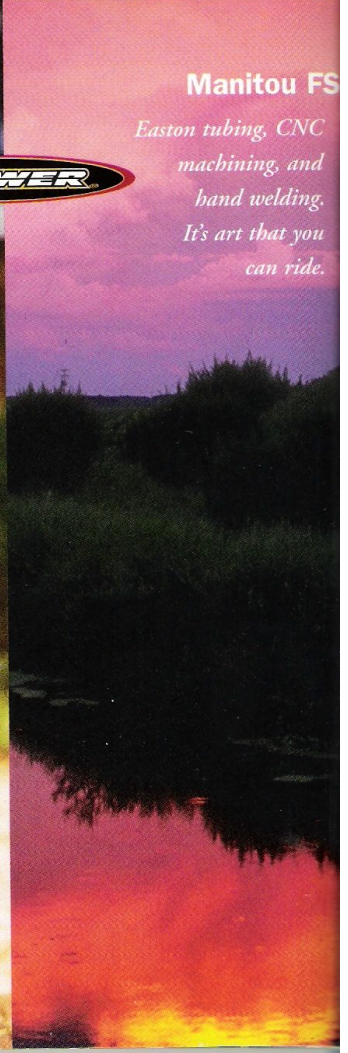

*Dual clamp, bulge leg
available early 1997.*

Manitou FS

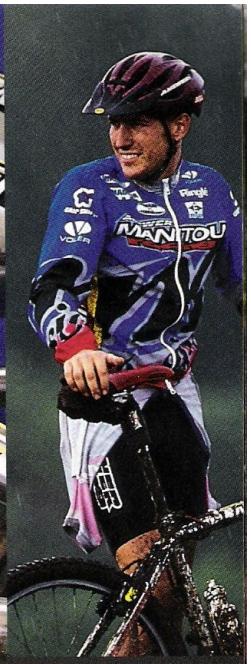

*Easton tubing, CNC
machining, and
hand welding.
It's art that you
can ride.*

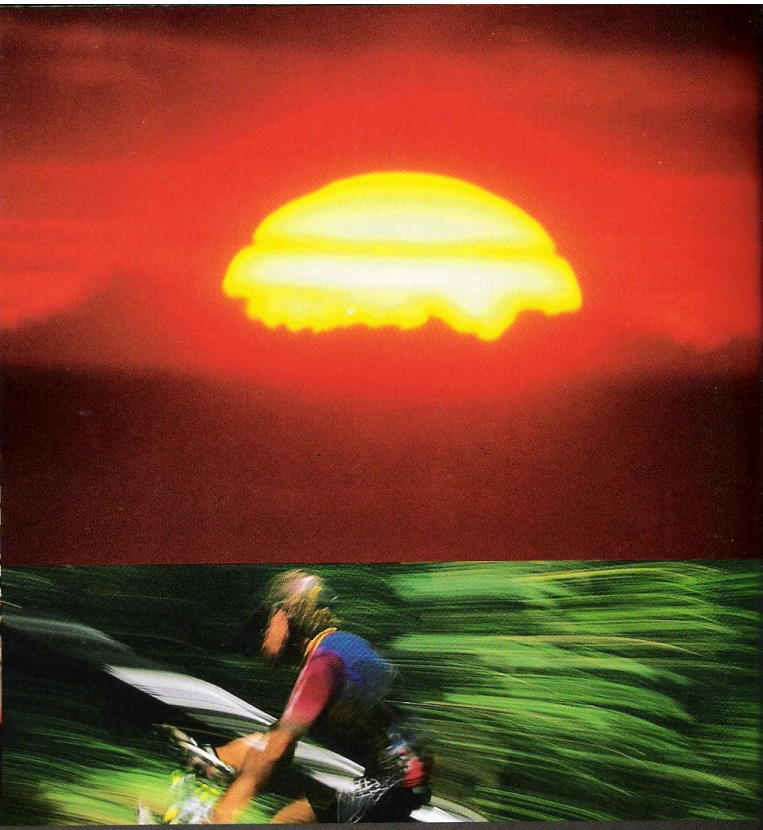

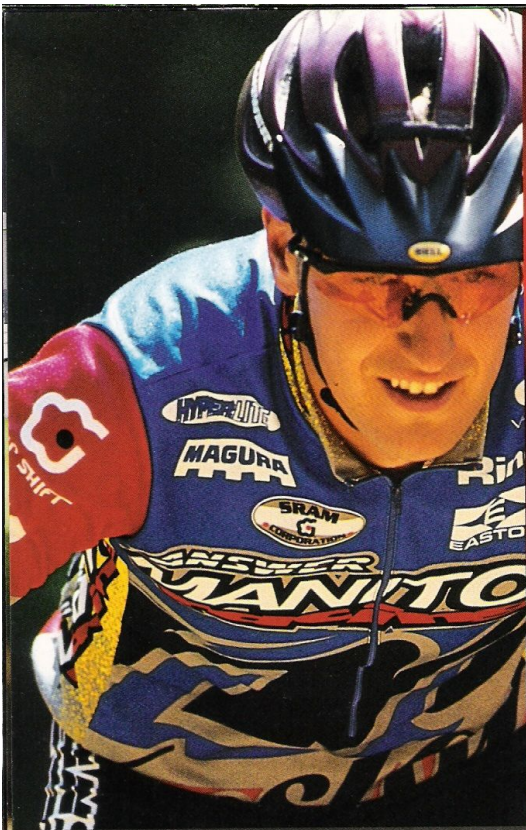

Manitou DH

*For the extreme.
Frameset includes
spring/elastometer
shock and Dual
clamp DH fork.*

Manitou HT

*Praised as one of
the 10 best of all
time by Mountain
Bike Action.
Each frameset
includes Manitou
Ti fork.*

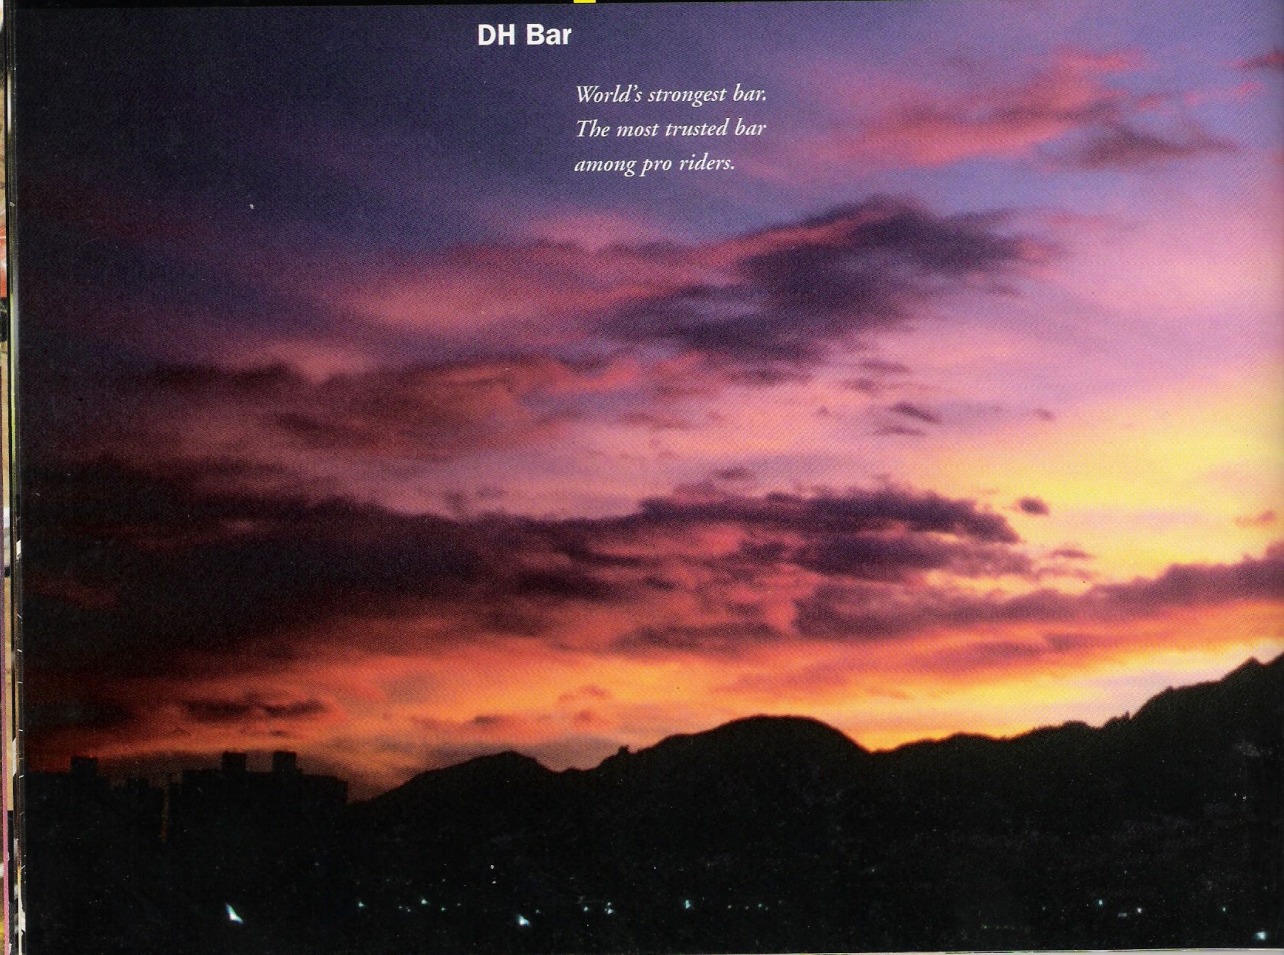

Manitou HT Comp

Same world class geometry as our classic HT, but with a durable red powder coat finish.

DH Bar

*World's strongest bar.
The most trusted bar
among pro riders.*

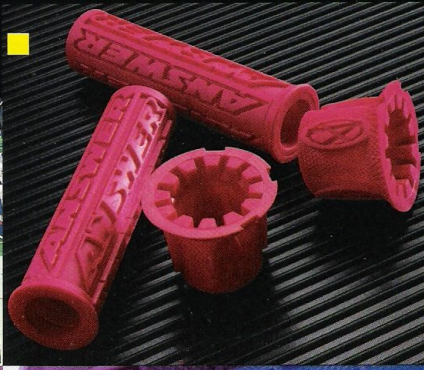

Hyperends

Larger 1" diameter and bead blast finish gives the best feel of any bar end.

Logo Grips

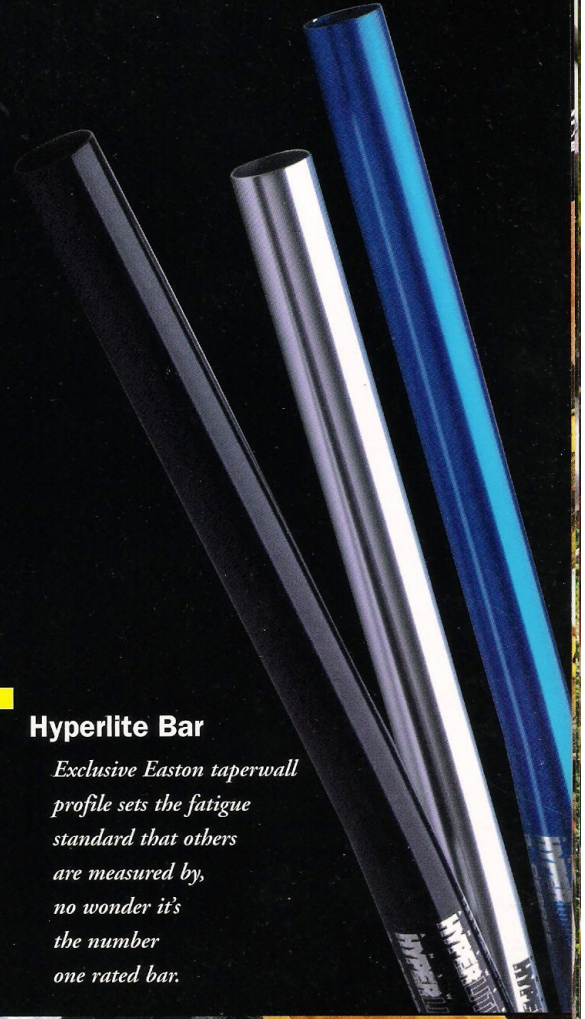

Aggressor Grips

Hyperlite Bar

Exclusive Easton taperwall profile sets the fatigue standard that others are measured by, no wonder it's the number one rated bar.

Answer Grips

Standard, Grip shift, endless, we've got them all and in all the hot colors.

Manitou Stem

*100% CNC
machined from
aluminum billet.*

A-Tac Stem

*The original oversized
aluminum stem.
Often imitated,
never duplicated.
Available in Aheadset
or standard quill
designs.*

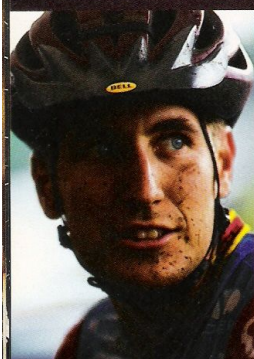

*Steering damped with
exclusive free return to
center, on the fly
adjustment and speed
sensitive dampening.*

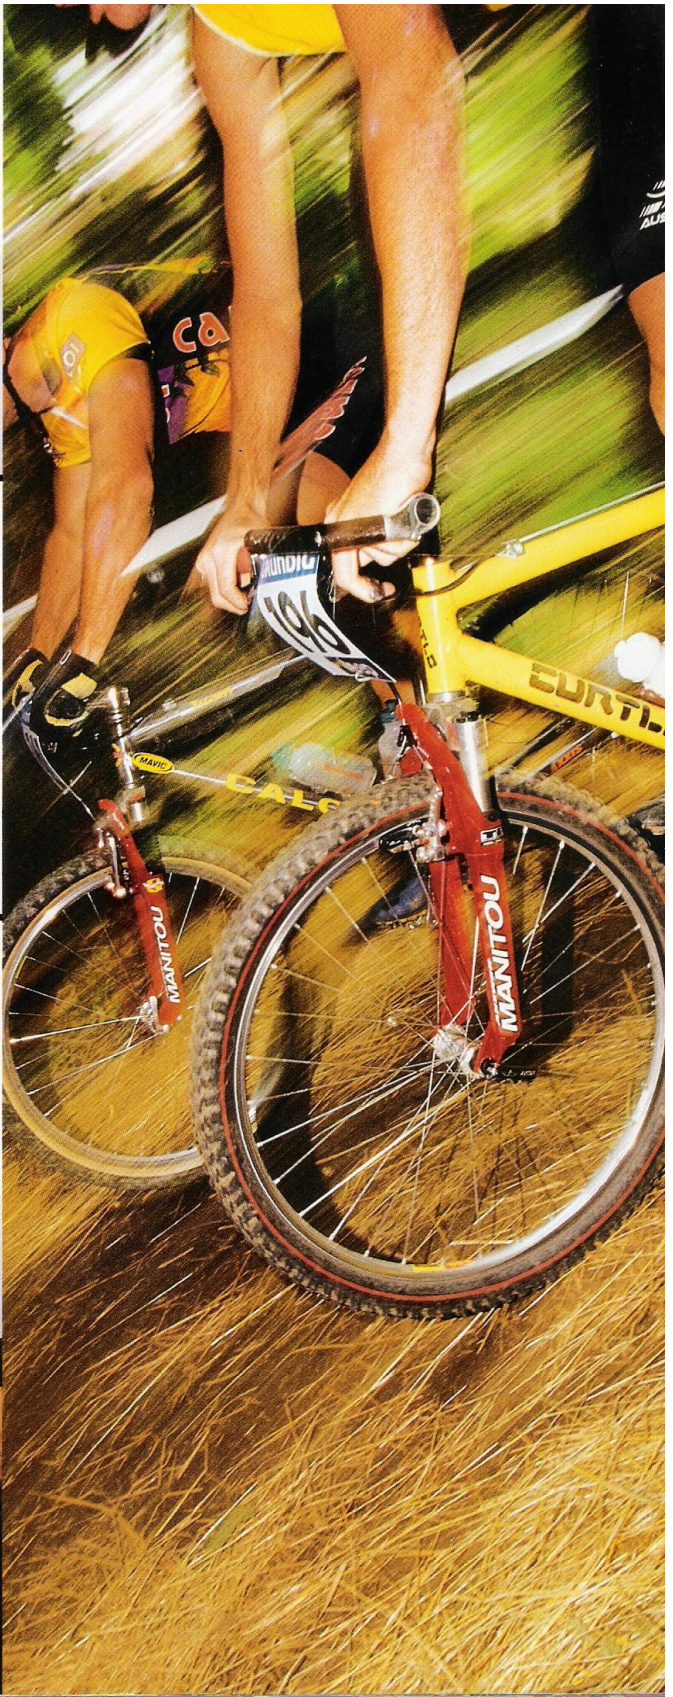

*Hopey design,
Patents pending.*

Accu-Trax Steering Damper

*Four bolt front
clamp gives flex
free performance
for extreme
situations.*

A-Tac DH Stem

Manitou Fang Tire

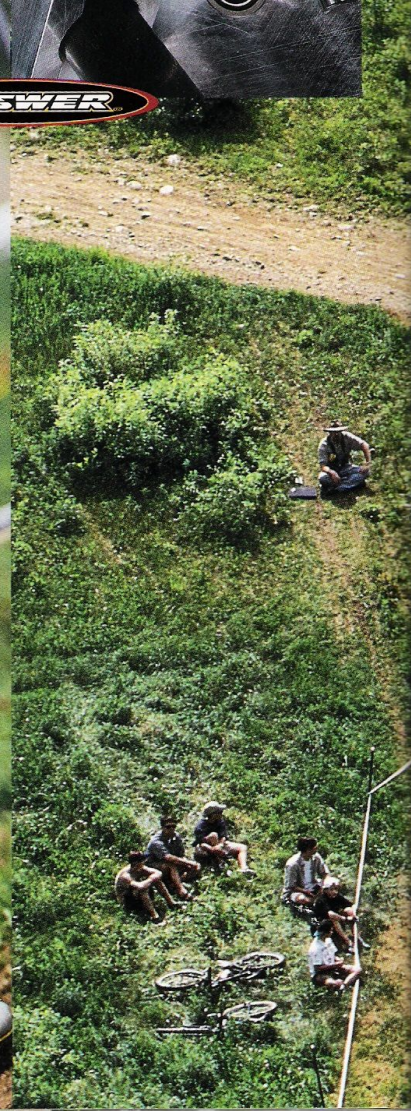

*Top rated cross country tread design.
Light weight, yet tough
180 tpi casing.*

Body Shock Suspension Seatpost

*Find out why it's the choice of so many top pros. Exclusive needle bearing design keeps it stiction free.
Tunable elastometer design makes it perfect for any rider.*

BODY SHOCK PATENT #5,094,424
OTHER PATENTS PENDING

Rocker Seatpost

The number one rated post by Mountain Biking magazine
