DEALER GREETING

Thank you for expressing interest in Smorgasbord Cycles. Following you will find all the information you will need to become an authorized dealer.

All Smorgasbord frames are custom-designed and hand-manufactured in the USA, using only the best frame tubing material available. All work, except paint, is done at our facility in Hershey, PA, from skilled crafts people that are also cyclists themselves.

All frames are usually in stock; however, frames that are not will have a lead time of no more than five (5) weeks to your front door. Everyone at Smorgasbord knows that the best way to sell a bike is to have the person selling the bike know the product. We offer all employees the option to buy a frame below dealer cost, all we ask is that the shop must also purchase a frame for stock. Frames are custom-painted one color, your customer can order any color under the rainbow for their personal ride. Our limited warranty is nothing to shake a stick at, just read the back cover. It should also be noted that we are cyclists first and business minded second, so our relationship with you as a store owner, and your customers, will be nothing less than outstanding and friendly.
